Sachs**

MAKE AN IMPACT

Our people come from a variety of academic backgrounds including finance, engineering, science, technology and the humanities. You'll draw strength from a highly collaborative and intellectually stimulating environment, and you will be part of team that helps you succeed.

At Goldman Sachs, we bring people capital and ideas together to help our clients, shareholders and the communities we serve to grow. These services are delivered by teams working across multiple divisions.

ENGINEERING

Our Engineering teams, comprised of our Technology Division and global strategist groups, build solutions to some of the most complex problems in the industry. From automated trading to managing data, risk analysis to safeguarding information and promoting environmental sustainability, our commitment to best-in-class technology provides Goldman Sachs with a competitive edge.
